

bring teams together
and drive workplace performance

h y p e r o f f i c e . c o m

How do you bring people together so they excel individually and as a team? By giving them the intranet tools they need to communicate and collaborate – whenever, wherever, using any web device. Share calendars, schedules, email, projects, task assignments, documents. Conduct votes and create custom content. It all adds up to progress you can measure every quarter.

COMPUTERWORLD
HORIZON
AWARDS 2006

How do you strengthen relationships with your customers and partners? Setup extranets and start polling your customers on their likes and dislikes. Establish forums where they can express their views in depth. Share calendars, documents and custom content with your partners so you can tightly coordinate product rollouts.

Available on a per user per month basis, **HyperOffice** is the award-winning, hosted communication and collaboration platform ready to propel your business forward.

- Deepen customer relationships with portals
- Collect business intelligence with polls & forums
- Blend your content with HyperOffice functionality

MOVE FORWARD

- Lead projects and track their progress
- Manage documents with file locking, version control, change alerts and more

“Thanks for the useful product. It's very much a part of our day-to-day business, and particularly useful for an organization like ours, with people scattered across the country.”

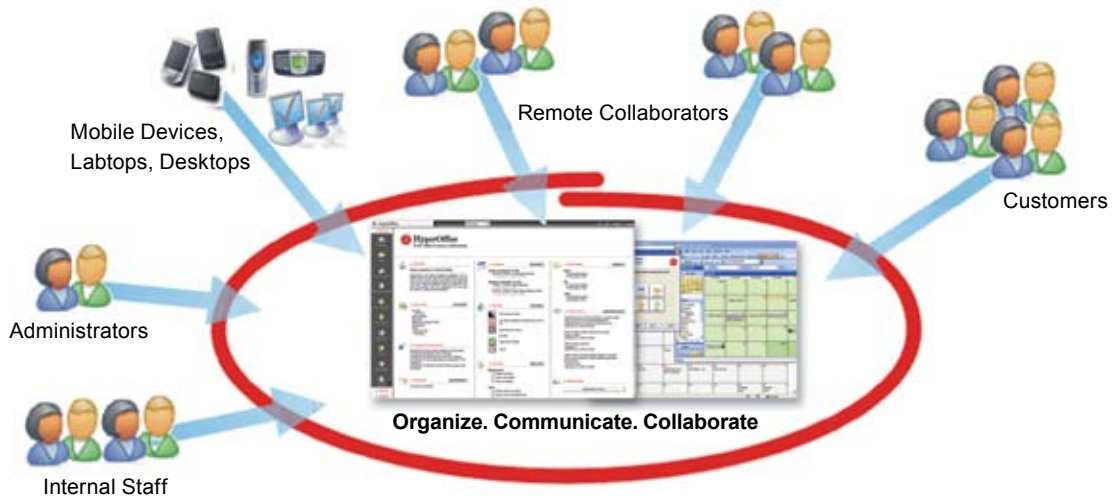

- Thomas J. Wanek,
president of Sincera Consulting

“Add it all up and it's a compelling portfolio of Web services for the SB set. Even better is the ability it has to let you grow from SB to MB and up without necessarily sacrificing the tool kit to which your employees have grown accustomed”.

- Oliver Rist,
Infoworld

Help your team realize its full potential and you'll grow your bottom line sooner than you planned. Using **HyperOffice**, an online workspace available anytime, anywhere over any web device, you can collaborate, communicate and share up-to-the-minute information with your employees, customers and partners.

Creating the Boundless Workplace

- ⇒ **COMPLETE** – Enjoy a full set of collaboration features built around business class email
- ⇒ **SIMPLE** – Ramp up fast with familiar, easy-to-use displays
- ⇒ **ACCESSIBLE** – Work anytime, anywhere, on any device
- ⇒ **INEXPENSIVE** – No hardware. No software. Monthly terms.
- ⇒ **COMPATIBLE** – Use any browser and get more out of Microsoft Outlook
- ⇒ **PRODUCTIVE** – Contribute to your team's success using any web browser

"The flexibility and depth of the product makes HyperOffice a complete company desktop and the starting and ending point of all company communications and collaboration"

- NetworkWorld
